DIVISION 2. ZONING DISTRICTS

§ 1-19-5.240. COMMERCIAL ZONING DISTRICTS.

(A) The purpose of commercial districts is to provide sufficient and convenient locations throughout the county for commercial uses, serving the needs of local areas, the larger community, and regional users.

(B) The Village Center District (VC) is intended to reinforce and enhance the historically mixed-use areas within rural communities and designated growth areas. The district provides for the location of a variety of limited commercial uses and a range of housing types while maintaining the compatibility of new development with existing development through design standards. A mix of uses is encouraged in the village center either within a single structure or as separate uses located throughout the district.

(C) The General Commercial District (GC) is intended to provide general retail commercial and business services. The general commercial district will be located on roads with a minimum classification of collectors as designated by the Comprehensive Development Plan.

(D) ~~The Highway Service District (HS) is intended to provide varied services to the motoring public. Highway Service Districts will be located at intersections or interchanges of roads with minimum classification of arterial street in the Comprehensive Development Plan.~~
